

NOTICE OF ROAD CONSTRUCTION

I-215, Airport Connector Phase 2

Clark County Department of Public Works (CCPW) is reaching out to inform you of overnight construction activity scheduled on I-215 and the Airport Connector corridor. Starting the night of Sunday, September 27, 2015, and continuing through the morning of Friday, October 2, 2015, the following I-215 on and off-ramps will be closed from 9:00PM to 5:30AM:

- Southbound Airport Connector loop ramp to eastbound I-215
- The eastbound I-215 off-ramp (Exit 10) to northbound Airport Connector
- The on-ramp from eastbound Warm Springs Road to westbound I-215 and northbound Airport Connector

Additionally, northbound Airport Connector access from George Crockett Road will be closed for several months starting the night of Sunday, September 27, 2015. Traffic will be detoured at Bermuda Road.

These closures are necessary to complete the partial demolition of an existing structure and will allow for the construction of a bridge addition.

Access to the airport from I-215 will be limited: please use Russell Road or Tropicana Avenue as alternate routes. Travel from the Airport to westbound I-215 will still be accessible with current lane restrictions.

We thank you in advance for your cooperation. If you have any questions regarding the project, please contact us at (702) 455-6000 or via email to InTheWorks@ClarkCountyNV.gov.

For immediate construction concerns:

Joshua Mendenhall, Project Manager

Office: 702-251-5800

This project is funded in part through Fuel Revenue Indexing, which takes a portion of what motorists pay at the pump to support critical transportation projects. For the average motorist, the cost is about a dime a day to generate up to \$700 million to fund 215 projects and create more than 9,000 jobs. For more information, go to www.rtcnv.com/fri.
